

Pontifícia Universidade Católica de São Paulo
Programa Pós-Graduação em Linguística Aplicada e
Estudos da Linguagem

Disciplina: Mini-Curso: *Teachers using systemic functional grammar*

Professor: John Polias

Horário: 8h:30 às 12h:30, de 17 a 19/07/06

Semestre/Ano: 2/06

Créditos: 01

Nível: M/D

Ementa

These workshops are intended for teachers who would like an introduction to systemic functional linguistics and to explore how an understanding of this language model can be applied in the classroom. There will be a focus on genre and register as shapers of a pedagogy that is linguistically informed. Lexico-grammatical aspects that have been found to be fruitful to teaching and learning will be introduced and used in analysis of classroom texts and practice.
